

ANGIE TO

WEB DEVELOPER

Profile

A motivated problem solver with a passion for technology, community, and the solutions that will bridge their gulf. My determination for learning helps my programs do well; my background in psychology and behavior therapy can help them do good.

Education

Full Stack Web Development 2018
Coding Dojo, Seattle

BA Psychology | GPA 3.77 2017
University of California, Berkeley

Hobbies/Interests

I enjoy reading and attending organized coding meetups in my spare time. Besides cultural and behavioral psychology, I also love to study technology and Human Computer Interaction.
